Life in **HONG KONG**

Our campuses

The HKU Business School provides a dynamic and conducive environment for learning, teaching and research. Advanced facilities are provided on the three campuses located in the Cyberport, HKU Main Campus and Town Centre at Admiralty.

Cyberport Campus

Located at the flagship of Hong Kong's digital industry - Cyberport. The School's facilities at Cyberport include state-of-the-art classrooms, group meeting rooms and social areas for postgraduate students and learning partners from corporates that collaborate with the School. This is a place where university and business communities can come together and inspire innovations.

HKU Main Campus

The Headquarters of the HKU Business School is located at K.K. Leung Building in the HKU Main Campus. In addition to facilities such as lecture theatres, classrooms, computer laboratories and other areas for academic activities, the campus is also home to many research centres and institutes under the School. The Main Campus also features other learning facilities, resources and services needed in university life.

Town Centre

Located at the heart of the city, Admiralty Town Centre brings the resources of the School to one of the financial districts in Hong Kong. Apart from featuring cutting-edge facilities such as executive classrooms, meeting rooms and comfortable lounges. This downtown campus is a convenient location for hosting events and seminars, and connecting students, alumni and partners from all over the world.

Global presence

HKU Beijing Centre

Located in Asia Financial Centre where Asian Infrastructure Investment Bank is headquartered, HKU Beijing Centre mainly serves as a teaching venue for HKU Business School and provides ample space and state-of-the-art facilities for faculties to develop academic programmes, promote alumni entrepreneurial start-ups, and organise alumni events.

HKU-Tel Aviv Innovation Hub

The HKU-Tel Aviv Innovation Hub combines the academic excellence of HKU and the innovative, entrepreneurial energy of Israel. The Hub will foster deep engagements between the academic, business and technology communities of Israel, Hong Kong, and the Greater Bay Area, promoting cross-border collaborations and partnerships.

Shenzhen Campus

Located at the heart of Futian District in Shenzhen, the Shenzhen Campus is the School's latest development to promote knowledge exchange, technology transfer and talent collaboration in the Greater Bay Area and Mainland China.

The Representative Office of The University of Hong Kong in Vietnam

HKU in Vietnam signifies the importance of Vietnam as a growing economy, her youth, talent, and key location. We strengthen connections with Vietnam by providing market-oriented research, superior learning experience, and instrumental resources.

HKU iCube

HKU iCube is in the prestigious Two Exchange Square featuring a magnificent harbour view. It serves as a place to facilitate knowledge exchange for HKUBS associates, as well as a bridge to connect business leaders in and outside the school.

Prof.
**Michael
Chau**

Programme Director -
Master of Artificial Intelligence in Business (MAIB)

Why should I choose Artificial Intelligence in Business as a master's degree?

Artificial intelligence (AI) has advanced substantially in recent years, with an ever-growing number of techniques and models offering immense potential for real-world business applications. However, organisations often struggle to fully harness these opportunities and manage them effectively. While many programmes focus on core AI technologies and models, few address the business and management challenges related to this rapidly evolving field. The Master of Artificial Intelligence in Business Programme provides students with cutting-edge knowledge through lectures, case studies and projects. Students will have the opportunity to engage with industry professionals, gain insights into new developments, and build the expertise needed to drive innovation and manage its impact effectively.

Top 4 Q&A

PROGRAMME DIRECTOR

Four frequently asked questions about the Master of Artificial Intelligence in Business Programme, answered by our Programme Director

Prof. Michael Chau

What is the academic focus of this programme?

The Master of Artificial Intelligence in Business Programme aims to offer a comprehensive curriculum that equips students with the essential knowledge, practical skills and industry-specific expertise required for a successful career in artificial intelligence (AI) management.

The curriculum focuses on cutting-edge research and practices in AI management. The core courses provide students with the foundation required for managing AI effectively. Meanwhile, the elective courses offer students the opportunity to specialise in areas of particular interest. The curriculum also includes a capstone project towards the end of the study. Students will have the opportunity to integrate and apply their learning through case studies and a final project. This trains students to address real-world AI business challenges and prepares them for careers in AI management.

How does the programme prepare students for the complexities of AI management?

The programme combines multiple disciplines, including business, finance, information systems, management, strategy, law and ethics, to equip students with a well-rounded understanding of AI management. This interdisciplinary approach enables students to devise innovative AI management solutions and strategies while incorporating diverse perspectives and expertise.

What is the professional development from this programme?

Graduates of the Master of Artificial Intelligence in Business programme can anticipate promising career prospects in various business and management positions. These opportunities include managing and overseeing AI projects in local and multinational organisations, such as marketing agencies, retailers, financial institutions, IT and AI companies, and accounting firms. Roles include AI managers, project managers, management consultants, AI consultants, product specialists and compliance specialists.

Graduates may also pursue opportunities in related fields such as healthcare, legal services, insurance, consulting services, business analytics, accounting services and financial technology. Their specialised knowledge enables them to smoothly transition between subsectors, fostering growth and success in their careers.

The Student Enrichment Team

Mentorship Programme

The Mentorship programme offers specialized master's students at HKU Business School (**Mentees**) a platform to go beyond the classroom, gaining real-world insights and career advice from alumni and industry professionals in leadership roles (**Executive Mentors**). Additionally, it fosters a vibrant master's community, strengthening connections with these experienced practitioners, as well as to contribute their knowledge and experience to nurture the young generation.

Mentorship Activities

Student Clubs

Student Clubs have been set up with the aim of equipping students to develop and enhance the industry knowledge and real-world insights through specialized industry tours and talks. Students will learn to apply highly effective steps that cover the key functional areas of every business: operations, marketing, finance, and human resources. Students will be able to develop and practice their skills in the workplace. The Student Clubs also aim to promote activities and careers in related areas among the Masters community. Club officers (The Elite Club) will be offered a series of leadership training to equip them with the necessary skillsets as future leaders.

Our Mentors

They are professionals, industry practitioners, middle to senior executives or MSc alumni with 15+ years working experience in Accounting, Marketing, Finance, FinTech Banking, Business Analytics and Management etc. They are passionate about supporting the young generation with their valuable experience, insight and networks, and will serve on a pro-bono basis.

Mentors Professional Background
