Life in **HONG KONG**

Our campuses

The HKU Business School provides a dynamic and conducive environment for learning, teaching and research. Advanced facilities are provided on the three campuses located in the Cyberport, HKU Main Campus and Town Centre at Admiralty.

Cyberport Campus

Located at the flagship of Hong Kong's digital industry - Cyberport. The School's facilities at Cyberport include state-of-the-art classrooms, group meeting rooms and social areas for postgraduate students and learning partners from corporates that collaborate with the School. This is a place where university and business communities can come together and inspire innovations.

HKU Main Campus

The Headquarters of the HKU Business School is located at K.K. Leung Building in the HKU Main Campus. In addition to facilities such as lecture theatres, classrooms, computer laboratories and other areas for academic activities, the campus is also home to many research centres and institutes under the School. The Main Campus also features other learning facilities, resources and services needed in university life.

Town Centre

Located at the heart of the city, Admiralty Town Centre brings the resources of the School to one of the financial districts in Hong Kong. Apart from featuring cutting-edge facilities such as executive classrooms, meeting rooms and comfortable lounges. This downtown campus is a convenient location for hosting events and seminars, and connecting students, alumni and partners from all over the world.

Global presence

HKU Beijing Centre

Located in Asia Financial Centre where Asian Infrastructure Investment Bank is headquartered, HKU Beijing Centre mainly serves as a teaching venue for HKU Business School and provides ample space and state-of-the-art facilities for faculties to develop academic programmes, promote alumni entrepreneurial start-ups, and organise alumni events.

HKU-Tel Aviv Innovation Hub

The HKU-Tel Aviv Innovation Hub combines the academic excellence of HKU and the innovative, entrepreneurial energy of Israel. The Hub will foster deep engagements between the academic, business and technology communities of Israel, Hong Kong, and the Greater Bay Area, promoting cross-border collaborations and partnerships.

Shenzhen Campus

Located at the heart of Futian District in Shenzhen, the Shenzhen Campus is the School's latest development to promote knowledge exchange, technology transfer and talent collaboration in the Greater Bay Area and Mainland China.

The Representative Office of The University of Hong Kong in Vietnam

HKU in Vietnam signifies the importance of Vietnam as a growing economy, her youth, talent, and key location. We strengthen connections with Vietnam by providing market-oriented research, superior learning experience, and instrumental resources.

HKU iCube

HKU iCube is in the prestigious Two Exchange Square featuring a magnificent harbour view. It serves as a place to facilitate knowledge exchange for HKUBS associates, as well as a bridge to connect business leaders in and outside the school.

Master of Accounting

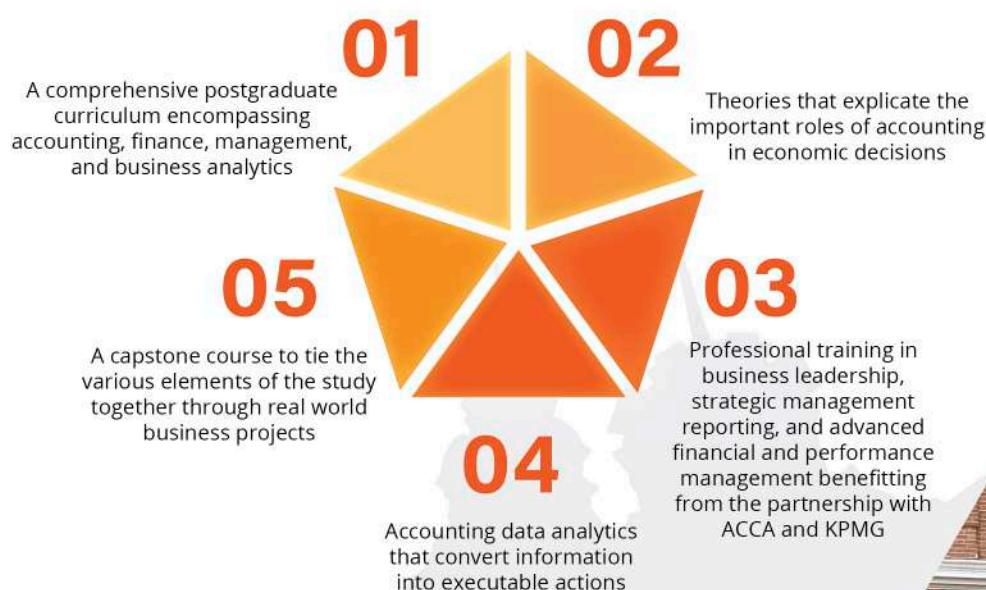

Master of Accounting Overview

More than a Professional Accountant

The Master of Accounting programme at HKU Business School offers three streams: Accounting Analytics and Big Data, Financial Reporting and Valuation; and ESG and Strategic Management which provide students the option to choose according to their interests and career aspirations. They may also consider double concentrating if there are any two they are particularly passionate about. Our

comprehensive curriculum is accredited by ACCA, CPA Australia, CIMA and HKICPA, and students on this programme benefit from our partnership with professional bodies and industry leaders. The programme explores theories on the importance of accounting roles in executive decisions, preparing you to be professional accountants, financial experts and future business leaders.

Programme Structure

Accreditation

ACCREDITED
PROGRAM

What is the most important element of learning for an accounting professional nowadays?

It depends on the interests of the student. We cover several in-depth areas. In particular, our programme values leadership and analytic skills, as well as critical thinking. We would like students to become the future leaders of the profession.

Top 5 Q&A

PROGRAMME DIRECTOR

Top 5 questions about the Master of Accounting programme, answered by our Programme Director

Prof. Kai Wai Hui.

What type of student is suitable to study the Master of Accounting Programme?

Anyone who is interested in the accounting profession. We look for qualified students with intellect, a good command of English, a career vision in accounting and finance and the confidence and dedication to achieve excellence.

I already have a bachelor degree or background in accounting, is it beneficial for me to study the Master of Accounting Programme?

Another purpose of the programme is to establish cutting edge knowledge at an advanced level. Elective courses cover numerous accounting fields that bring you up to the graduate level. Accounting students will have course waivers and exemptions that allow them to leap to the advanced level. They may also take electives from other postgraduate programmes to enrich their knowledge.

I do not come from a business or commerce background, can I study the Master of Accounting Programme?

The programme covers elements of basic accounting knowledge, making it suitable for non-business major students. The curriculum will be challenging for them, but well manageable given the guidance we give them.

Does the programme allow me to get practical insights from the industry?

Our curriculum design is based on the most recent developments in the industry. There are also guest speakers and industry and career talks that bring about the latest developments. The curriculum has been updated over time to keep up with the latest global standards.

Student Experience Sharing

Alumni Yining Wang

Assistant Manager, CMB Wing Lung (Class of 2023)

Enrolling in the Master of Accounting programme was one of the best decisions I have ever made. The curriculum is well-designed to equip students with both a solid foundation and progressive knowledge in the field. As a student with an accounting background, I was very pleased with the programme's flexibility, which allowed me to pursue my academic interests by selecting two concentration streams and even courses from other HKU Business School programmes.

More importantly, the professors are highly qualified and dedicated during classes and office hours. I really appreciated their efforts to make the classes interactive, engaging, and easy to understand. One of my favorite courses was "Forensic Accounting and Earnings Management", taught by Professor Olivia Leung. It was fascinating to study a niche yet intriguing area, gain hands-on experience investigating fraud cases, and communicate face-to-face with professionals from the ICAC Operation Department.

It is still hard to believe that I could experience and accomplish so much in one year! If you get the chance to pursue your degree here, I strongly encourage you to do so.

Alumni Chloe Li

Master of Accounting (Class of 2023)

I really appreciate all of the professors in the programme. They are the experts in both academic and industrial areas. No matter what type of questions you have, like how to choose your future career path, or how can you apply certain academic theories in reality, they are always willing and being patience to provide you with some professional insights.

Besides, I also want to mention that HKU is a very excellent platform for studying. It provides many opportunities to learn more knowledge and practical skills, which are not only limited to the field of accounting. It hammers at helping students to discover more future potential.

Prof. Winnie S.C. Leung

Financial Accounting Foundation

Effective communication of relevant financial information to important stakeholders such as investors and creditors is a key driver for corporate success.

We will develop students with such crucial ability and prepare them to play a strategic role in organisations with their knowledge in financial reporting.

The Student Enrichment Team

Mentorship Programme

The Mentorship programme offers specialized master's students at HKU Business School (**Mentees**) a platform to go beyond the classroom, gaining real-world insights and career advice from alumni and industry professionals in leadership roles (**Executive Mentors**). Additionally, it fosters a vibrant master's community, strengthening connections with these experienced practitioners, as well as to contribute their knowledge and experience to nurture the young generation.

Mentorship Activities

Student Clubs

Student Clubs have been set up with the aim of equipping students to develop and enhance the industry knowledge and real-world insights through specialized industry tours and talks. Students will learn to apply highly effective steps that cover the key functional areas of every business: operations, marketing, finance, and human resources. Students will be able to develop and practice their skills in the workplace. The Student Clubs also aim to promote activities and careers in related areas among the Masters community. Club officers (The Elite Club) will be offered a series of leadership training to equip them with the necessary skillsets as future leaders.

Our Mentors

They are professionals, industry practitioners, middle to senior executives or MSc alumni with 15+ years working experience in Accounting, Marketing, Finance, FinTech Banking, Business Analytics and Management etc. They are passionate about supporting the young generation with their valuable experience, insight and networks, and will serve on a pro-bono basis.

Student Ambassador Programme

The HKU Business School Masters Student Ambassadors consist of a dynamic group of enthusiastic, passionate, and knowledgeable student leaders representing the twelve specialized Masters Programmes. As Student Ambassadors (SA), they will play a crucial role in planning and organizing student-led activities, taking the lead in creating a vibrant and engaging student community, building connections with business leaders and senior executives across diversified industries as well as establish a global mindset to work with students from different cultural backgrounds.

VIRTUAL HOUSES FOR HKU BUSINESS SCHOOL MASTERS STUDENTS

Virtual House System

The first-ever Virtual House System, in a total of 8 Houses, aims to create a supportive and engaging environment for our Masters Programmes students, specifically designed to foster greater student participation and interaction. The HKU Business School Masters Programmes House Committees will be selected from a group of dynamic and dedicated students representing the 8 Houses. House Committees will be playing pivotal role in building and fostering the sense of belonging of House Community, as well as actively encouraging and motivating students through interactive Inter-House competitions, teambuilding activities, sports and wellness programmes.
